Parking Meters In Center Of Town Go Begging; Free Areas Filled With Autos

Gettysburg's 150 new parking meters have changed the parking habits of a lot of local motorists. A survey of town streets about 9:30 o'clock this morning showed metered areas generally very sparsely populated with paying customers while fringe-free areas and free parking lots off metered streets were jammed to near capacity.

On E. High St., which is metered, there were six cars and in Burgess Wilbur L. Plank's parking lot where cars can park all day for 25 cents and a week for \$1, there were seven vehicles.

The parking lot of the Adams County Free Library, across the street where donations are invited but not required of parking motorists, the lot had 19 cars, more than half of its capacity.

Use Free Areas
The second block of S. Stratton St., which has no meters, had 21 cars on both sides. Around the corner on E. Middle street's second block, where there are no meters, the cars were bumper to bumper.

The first block of S. Stratton St., which is metered, rough and dusty from recent excavation work, had three paying customers.

The St. James church parking lot, which is free, was filled with 35 cars while two more had edged in along the alley at the rear of the church.

The second block of York St., which is metered, was handling a total of five cars and there were three cars at meters in the first block of N. Stratton St. but the small parking lot at Wolf Supply Company was filled. Most of N. Stratton Street's second block, which is free of meters, was filled.

Empty Street
On Carlisle St. the metered second block between the railroad and Water St. there were seven cars while the next block, which has no meters, was parked almost to capacity. There were no cars on the first block of N. Washington St. at 8 o'clock this morning.

There were many parking spaces available in the first four blocks of the four main streets and in Lincoln Square.

Weekday mornings apparently are going to net the borough little extra revenue from the extra meters but the store and office employees, and many shoppers, are having to walk a little farther for their free parking.

LADIES' NIGHT DINNER

The annual ladies' night of Gettysburg Commandery, No. 79, Knights Templar, will be held next Tuesday evening at 7 o'clock in the Harney fire hall. A turkey and oyster dinner will be served. All members have been urged to return their cards.

VETERANS' DAY PROGRAM WILL BE HELD NOV. 8

The annual Veterans' Day program will be held here Sunday, November 8, at 2 p.m. with a parade and service in the National Cemetery. It was decided Tuesday evening at a meeting of the joint Veterans' Day committee from the Albert J. Lentz post of the American Legion and Post 15 of the Veterans of Foreign Wars, held at the VFW, E. Middle St.

Edgar Bowling, commander of the American Legion Post, was elected chairman; John Edward Kerrigan, commander of the VFW post, vice chairman, and Arthur J. Roth, secretary.

Other members of the committee include Harry D. Ridinger, Robert Fox Sr., Patrick McDermitt, Wayne Asper and Robert Swisher.

Give Parade Plans

The parade will begin at 2 p.m. November 8 with these musical organizations tentatively scheduled to participate: Kiltie Band of York, Hanover American Legion Drum Corps, Taneytown American Legion Drum Corps, Gettysburg College Band, Mt. Wolf VFW Drum Corps and Delone Catholic (Please Turn To Page 2)

Honor Two For Bond Work

Two Adams countians were presented "Cluster of Flags" plaques by Wilbur Bankert, chairman of the Adams County Savings Bond committee and president of the Littlestown State Bank, Tuesday afternoon for their volunteer service in the payroll savings plan. They are: Stanislaus Krichen (left), retired insurance agent, McSherrystown; President Bankert (center) and Jasper Passalacqua, superintendent of the Middleburg Manufacturing Company, of near McSherrystown.

D. ANTHONY IS GIVEN HONORS AT 4-H EVENT

Miss Dorothy Anthony, a member of the Aspers and Upper Adams 4-H Clubs, daughter of Mrs. Paul Dennis, Gardner R. 2, and a student in the Carlisle Practical Nurses' School, was honored Tuesday evening at the annual Adams County 4-H Achievement banquet held at York Springs Elementary School.

She was presented with the Furman Gyger award, a sum of \$25 each given annually to the outstanding boy and the outstanding girl in 4-H work in the state. Henry Moon, assistant state 4-H leader, made the presentation to Miss Anthony as the top girl 4-H member in the state.

She also was presented with the top girls leadership award for Adams County and it was announced that she was second in the state for the leadership award in competition with girls from 23 counties.

Honor Audrey Yingling

The awards given Miss Anthony were among numerous presentations in which the outstanding 4-H youngsters in all the various categories were presented with the prizes they had won by the last year's work.

Audrey Yingling, daughter of Mrs. Daniel Yingling, and a member of the Barlow Club now attending the Baltimore School of Fine Arts, was presented with the top county award in clothing making and dress revue. Others to receive awards for clothing presented by Coats and Clark, Inc., were Betty Dorr, Barlow; Mary Jane Bowman, Brunsdown; Cecelia Klunk, Conewago.

The dairy foods award made by the Carnation Co. went to Jean Keller, daughter of Mr. and Mrs. Frank Keller, Gettysburg R. 2, a member of the Harrisburg Road Club.

Aspers Club Wins

The plaque to the outstanding club in Adams County went to the Aspers Club. Aspers had previously won the award three times and gained permanent possession of the first such plaque given. New Oxford had won the award for the last two years but was (Continued On Page 2)

TEACHERS TO ATTEND YORK SESSIONS; TWO VACATION DAYS

Gettysburg public school pupils will have a two-day holiday this week while their teachers go to York for a Schoolmen's Week program sponsored by the University of Pennsylvania and the York area schools. The sessions take the place of the former "teachers' institute."

H. Edgar Riegle, Gettysburg superintendent of schools, is a member of the general committee for Schoolmen's Week there and 13 Gettysburg teachers and administrators will have program roles.

Several hundred teachers from most sections of York County and the Gettysburg Joint School district will be in attendance. Headquarters are at Central High School and the West York Area High School.

Riegle On Committee
Sessions are scheduled through Thursday and Friday.

At the first general session Thursday morning at Central High School, Superintendent Riegle will be on the platform as a member of the general planning committee. Joseph R. Wilson, superintendent of the York County schools, will preside and Dr. Eric Walker, president of the Pennsylvania State University, will be the speaker. He will speak again Friday morning at the second general sessions while most of the remainder of the program will be devoted to sectional meetings.

The special roles assigned local educators in the two-day meetings include: Clifford B. Snowberger, Gettysburg High School principal, who will serve as re-

UPPER ADAMS HOST LADIES' NIGHT DINNER

Joseph C. Feagley, vice president and general manager of Packing Materials Operations and a member of the board of directors of the Armstrong Cork Co., Lancaster, was the speaker Tuesday evening at the annual ladies' night dinner of the Upper Adams Lions Club at the Molly Pitcher Hotel, Carlisle. Approximately 100 attended.

Speaking on the subject, "It's Later Than You Think," Feagley urged all to consider the nation's heavy tax burden declaring that "you can do it better and more cheaply at home." Reliance on subsidies from the state and federal government causes greater taxation than necessary, he said.

Receives \$1 For \$1.25

Lancaster County, he added, pays \$1.25 in state taxes for each \$1 it receives in subsidies. He said that other areas necessarily find similar results and that if local districts would secure their own taxes in sufficient amounts to cover their needs, instead of relying upon the state to tax and then return the funds by subsidies, "great savings could be effected."

He said that "Adams County's pro rata share of the federal budget" (Continued On Page 2)

Last Of Texas Quintuplets Dies 9 Hours After Birth

SAN ANTONIO, Tex. (AP) — Baby D, the last survivor of the Hannan quintuplets, died at 6:40 a.m. today.

Word of the death of the last baby spread rapidly through this vast modern hospital which is called the largest and finest in the entire Air Force.

The basement cafeteria was crowded with nurses, and military personnel coming to work.

"Oh, my God, they were just like baby dolls," half sobbed a technician in a blue dress. The word spread quickly from table to table. Several persons left their breakfast uneaten.

Parents In Near Shock

The mother and father were asleep at the time of the last quint's death. They were not told immediately.

Both had been in a near shock status at times during the night, hospital spokesmen said, and had been given sedatives in an effort to ease their nerves.

The last baby to die was the

T-H Injunction Against Steelworkers Delayed

By JOHN MOODY
PITTSBURGH (AP) — Resumption of a federal court hearing to determine if a Taft Hartley injunction will be used to end the 99-day steel strike was delayed today as the presiding judge pored over his law books and conferred with attorneys.

"He got up at the crack of dawn," said an aide of Judge Herbert P. Sorg. The hearing, which began Tuesday, was to have resumed at 10 a.m. Shortly before 11 a.m. Judge Sorg was still in his chambers conferring with government attorneys and counsel for the United Steelworkers.

Union Could Appeal
Even if an injunction is granted an end of the strike could be delayed by an appeal. The court could—but would not have to—stay the injunction while an appeal was acted upon.

The government argued Tuesday that lost steel production was threatening the nation's health and safety. The striking United Steelworkers Union said the strike was creating hardships but was not endangering the national economy.

U.S. District Judge Herbert P. Sorg took the case under advisement after listening to arguments by both sides for nearly three hours. President Eisenhower ordered the Justice Department to seek the injunction.

The Steelworkers Union and 96 steel companies were named defendants in the case. The steel firms represent almost 90 per cent of the nation's steel production capacity.

Cumberland Twp. plans to change its ordinance preventing construction within 150 feet of any battlefield avenue, according to a legal advertisement appearing in today's edition of The Gettysburg Times.

The advertisement also reveals the appointment of Lawrence J. Heltzel, R. 3, as secretary of the board of supervisors to succeed the late Walter E. Cooley. According to the notice the supervisors will hold a special meeting at 1 o'clock Saturday afternoon at the home of Mr. Heltzel to consider an amendment to its ordinance No. 4 adopted September 5, 1959.

Reduce Footage Line
That ordinance had prevented construction of buildings or structures including outdoor advertising signs and billboards within 150 feet of any battlefield avenue, or within 50 feet of any other road in the township.

The proposed amendment, ordinance No. 7, will change the distance to 50 feet from all roads including Battlefield Ave. The amendment, as listed in the advertisement, will cause the new law to read: Section 1, no building or structure, including outdoor advertising signs or billboards or any portion thereof, shall be located within a distance of 50 feet from the presently existing right-of-way lines of the United States government along the surfaced drives and avenues of the Gettysburg National Military Park."

Workman Injured When Hit By Pole
Harry Jones, 27, Huntingdon, an employee of the W. M. Battenfield Construction Co. of Altoona, was treated at the Warner Hospital Tuesday for a fractured left wrist sustained when a pole fell and struck him while working at York Springs.

James Moyer, 22, a student at Gettysburg College, received treatment for a fracture of his right fifth finger sustained while playing soccer.

Matthew Lackey, 72, Taneytown R. 1, was treated for severed tendons of the left middle finger and lacerations of the left index and ring fingers suffered when his hand caught in a power saw.

PTA TO MEET
On Thursday evening, the Meade (Lincoln) Parent-Teacher Association will meet at the Eisenhower School at 8 o'clock. Superintendent of Schools H. Edgar Riegle will speak on "Our Children at Lincoln."

Red Cross Asks Coats For 2 Girls
The Adams County Red Cross turned to the public today for warm coats and shoes for two little school girls who live in Adams County but were not otherwise identified by the Red Cross.

In about six weeks, Mrs. Peggy P. Hill said, there may be welfare funds available for the girls' use but until then they need warm coats, size 6 and 7, and shoes, size 8½ and 9½, to wear to school. A younger sister also needs shoes and her size is 7.

WILL GIVE TALK ON RED CHINA

"Communist China and the United States in Southeast Asia" will be the topic of Dr. William Henderson, associate executive director of the Council on Foreign Affairs, Inc., in a convocation address in Gettysburg College's Christ Chapel Thursday morning at 10:15 o'clock. The public is invited.

Dr. Henderson is Far East specialist on the permanent staff of the council, "the country's leading private research institution concerned with questions of U.S. foreign policy."

A former member of the history and government departments at Adelphi and Barnard Colleges, Henderson has lectured widely throughout the U.S. on international relations and Far East affairs. His best-known book is "New Nations of Southeast Asia," published by the Foreign Policy Association.

4 DIRECTORS SELECTED BY TRAVEL GROUP

Donations of \$100 each were voted to the Gettysburg Symphony Orchestra and the town's Christmas light by the Travel Council at its meeting Tuesday evening at the VFW Home, E. Middle St.

President Walter B. Lane presided at the meeting at which the chairman of the nominating committee, Nicholas Meligakes, announced the election of Kenneth Dick, proprietor of Fatsyland; LeRoy E. Smith, head of the L. E. Smith News Agency and owner of the Lincoln Museum; Henry M. Scharf, manager of the Hotel Gettysburg, and William Warren, owner of the Criterion Motel, as directors.

The election was conducted by sending to all members a list of members asking them to vote for four directors. The four men receiving the highest number of votes were named to the offices. The four new directors plus the seven directors whose terms did not expire this year will meet Tuesday afternoon at 12:30 o'clock at the Lamp Post Tea Room for a luncheon meeting at which they will elect the president, vice president, secretary and treasurer for the coming year.

Lane reported more than 40,000 visited the information center in the Western Maryland Railroad depot, Carlisle St., during the summer. The group voted to close the information center for the season on October 31.

Plans for the North-South Skirmish here Saturday evening and Sunday were outlined as were plans of the Gettysburg Battlefield Preservation Association to raise funds for purchase of land for the battlefield and plans for the annual Civil War Conference at the college and the GAR Remembrance Day next month.

AUTO DAMAGES SIGN

A no-parking sign in Hanover was damaged Monday at 3 p.m. when it was knocked to the ground by a vehicle operated by Selon L. Sell, Littlestown. Hanover police said Sell was traveling east on Frederick Street and in turning right onto Centennial Avenue failed to straighten out his vehicle and crashed into the sign. Damage to the sign was estimated at \$50. The car was not damaged.

PAYS FINE AND COSTS

Leslie Lozier DeVoe, Orlando, Fla., Tuesday was arrested by state police and charged with a red light violation. He paid a \$5 fine and costs before Justice of the Peace Robert P. Snyder.

Will Use Ancient Cannon, Muskets In Shoot Sunday

Ancient cannon, as well as the muskets of Civil War days, will be heard again on the Gettysburg Battlefield Sunday afternoon.

Gettysburg's "Company K," which recreates the Civil War days of Company K from Gettysburg which fought in the battle here in 1863, and the Gettysburg Travel Council today announced that more than 300 Civil War-uniformed men, and as many women in the hoop-skirted costume of the 1860s period will be here Saturday night and Sunday for the North-South Skirmish Invitational Shoot.

The competition with the muskets, Civil War pistols and cannon will be held in Teeter's Quarry, south of here on the Littlestown Rd., Sunday starting at noon.

Most of the costumed men and women plan to be present Saturday afternoon and evening at a bivouac near Spangler's Spring. Saturday night a "Blue and Gray ball" will be held for the Civil War enthusiasts in the pressroom of the Hotel Gettysburg. The pub-

Jurors Return Directed Verdict Of \$20,000 For Damages In Fatal Accident

CHEST DRIVE \$6,500 SHORT OF '59 GOAL

A total of \$20,406, 76 per cent of the goal, has been raised with a week remaining in the 1959 Gettysburg Community campaign, it was announced Tuesday evening at the semifinal report meeting in the YWCA. The goal is \$26,800.

Nine hundred and twenty-six persons have contributed so far to the drive which supports seven welfare agencies, Dean Seymour B. Dunn, chairman, said.

"Approximately \$6,500 remains to be raised if the campaign is to go 'over the top,'" he pointed out.

"The residential, rural and local business divisions are now playing crucial roles in the success of this campaign. It is important to note that over 2,000 cards represented calls remaining to be made are still in the hands of rural and residential solicitors. Less than fifty per cent of the residential cards have been reported.

Encouraging Reports

"While reports so far have been encouraging, meeting our quota depends on whether every person whose card is still outstanding is seen before our final report meeting next Tuesday evening," Dr. Dunn added.

The last check-in session will be held from 7:30 p.m. Tuesday in the Gettysburg College dining hall. Coffee will be served. Dunn praised twenty members of Tau Kappa Epsilon fraternity for "prompt returns." The collegians are soliciting in the residential phase of the campaign. Over \$9,400 was turned in since the previous report meeting October 15.

The results thus far by division were announced as follows: Residential \$1,764; local business \$2,282; classified \$5,124; industry and national firms \$3,441, and special gifts \$7,795. Only fragmentary reports have been made in the rural division, last phase to begin solicitation.

SET THURSDAY DEADLINE ON PARADE UNITS

Six musical organizations, nine marching units and five floats have been entered so far in the Halloween parade to be held here next Wednesday night, Henry M. Herring, general chairman of the town's Halloween festivities, announced at a meeting of the committee in charge from the Association of Clubs at the Eagles' home Tuesday night.

Those planning to enter marching groups, floats, etc., are asked to register by calling the Moose Home, phone 1107, or write Henry Herring, care of the Moose, prior to 6 o'clock Thursday evening.

Only those units which are registered by Thursday evening will be eligible for awards, it was decided, although any group may enter the procession up until parade time.

Already Registered

It was also noted that the registration does not apply to those who will be parading as individuals in costumes. A number of (Continued On Page 4)

In a directed verdict an Adams County jury Tuesday afternoon ordered Robert W. Yingling, Littlestown R. 1, to pay \$20,000 damages as a result of an auto accident fatal to three persons on Christmas Day 1957.

The same jury Tuesday morning found that it was Yingling's negligence which had caused the accident in which Lloyd E. Eller, late of Littlestown R. 1, and Mr. and Mrs. John M. Spangler, late of Hagerstown, had been fatally hurt. Yingling was severely injured as were four children of Mr. and Mrs. Spangler when the Yingling and Spangler cars collided about a mile from Littlestown on the Hanover Rd.

Because no one knew, Yingling having suffered amnesia for the period as a result of his injuries, the jury's first duty had been to find out who was driving Yingling's car, and which auto was over the center of the highway at the time of the crash.

Side Bar Conference
When the jury returned with a verdict finding Yingling was the driver of his car and at fault for the accident, the court recessed for lunch, planning to hear testimony during the afternoon on the injuries to the parties involved.

When the jury returned, the attorneys held a sidebar conference with the court which led to a further conference out of the court room and eventual return with six verdicts which the jury was asked to approve.

The verdicts provide: Payments of \$5,000 to Mrs. Eller and \$15,000 to the Spangler family. In the suit brought by Mrs. Lucy (Continued On Page 3)

FOUR HURT IN HEAD-ON CRASH NEAR IDAVILLE

Four persons were injured, two critically, when two autos collided at 7 o'clock Tuesday night 1.3 miles east of Idaville on the York Springs Rd.

Listed as in critical condition at the Carlisle Hospital are Melvin Murtorf Jr., 71, Idaville, who suffered lacerations of the face and head injuries in the crash, and Lester Bonawitz, 17, Gardner R. 2, who had a possible skull fracture, severe lacerations of the scalp and a dislocation of the left hip.

Less seriously injured were Melvin Murtorf Jr., 28, Idaville, who had a possible concussion and laceration of the right chest, and his son, Benjamin Murtorf, aged 8, who had abrasions of the right cheek.

State police said the accident occurred when Bonawitz, who was driving west lost control of his car and it crossed the center of the highway crashing head on into an eastbound auto operated by Melvin O. Murtorf Jr.

Damage was estimated at \$1,000 to the Murtorf car and \$250 to the Bonawitz vehicle.

HONOR 2 FOR BOND EFFORT

Stanislaus Krichen, retired McSherrystown resident, and Jasper Passalacqua, superintendent of the Middleburg Manufacturing Company, of near Hanover (Adams County) each received a "cluster of flags from Wilbur A. Bankert, president of the Littlestown State Bank, and chairman of the Adams County Savings Bonds Committee, Tuesday afternoon. The presentations were made in the Middleburg plant.

The award was presented to Mr. Krichen for his untiring efforts as volunteer chairman in charge of payroll savings and war bonds for the Adams County Savings Bonds Committee. He urged "all Adams County residents who are not fortunate enough to be on the E bond payroll savings plan to buy the new 3½ per cent E bonds which mature in seven years and nine months at their favorite bank."

Passalacqua was honored because he secured "more than 50 per cent employee participation in the payroll savings bonds plan." After making the presentation Bankert said: "Every person who owns an E or H bond benefits from the new rate without having to do anything about it."

"I would therefore encourage the public to hold their old bonds, and keep on buying the new ones. This is the finest savings bonds package ever offered."

FORFEITS FINE
Lester R. Little, McSherrystown, recently forfeited \$6.45 in Westminster on a charge of driving at a speed too great.

TO TALK OVER HOME PLANS

A "few minor changes" in plans for the new Adams County Home are to be studied by the Adams County Commissioners at a meeting with the architects and Hill-Burton fund officials in the near future.

The state head for the Hill-Burton funds—federal funds made available to aid in construction of hospitals and infirmaries—called the commissioners during their meeting at the court house this morning. He asked the meeting "to go over a few minor changes."

The plans for the new county home have been almost a year in passage from one department to another to secure needed approvals. The most recent approvals were by the federal Hill-Burton agency which has allocated \$125,000 toward the work.

Mrs. John Martin, New Oxford, and Luther D. Snyder, Littlestown, were appointed this morning by the commissioners as members of the Adams County Child Welfare Advisory Board. They succeed Mrs. Daniel Paddock and the late L. V. Stock.

Approval was given this morning for attendance by the county child welfare secretary, Mrs. John Madsen, and two members of the advisory committee, to attend a state Child Welfare session at Harrisburg.

Fairfield Lions Honor Wm. Schultz

William Schultz, immediate past president of the Fairfield Lions Club and now a zone chairman, was honored by the Fairfield Lions at a "This Is Your Life" program during the regular dinner session of the clubmen Tuesday evening at the Lutheran parish house in Fairfield. President Glenn Shriner presided.

The program was arranged as a surprise to Schultz by a committee headed by the Rev. Otto Groeger and William Musser. Pictures of incidents in Schultz's life from infancy were shown and the program climaxed with testimonial letters from Lions officials, Clair Shillito of Biglerville, and Charles Mowery of York, and a tribute from Deputy District Governor Louis Shultz of Hanover.

Thirty-nine members and seven guests attended. There was a talk by Scoutmaster Thomas Jackson about the responsibilities of troop sponsors and Kenneth Sanders reported for the bowling committee. A. B. Ross, reporting on a Lions' Baseball league meeting held recently, said all uniforms have been turned in. He said managers are needed for Fairfield and Orrtanna teams next year.

Occupants Unhurt In Two Accidents

In an accident reported Monday afternoon at 2 o'clock on U.S. 15, one-half mile south of Emmitsburg, there were no injuries but \$125 was caused in damages to a 1951 Chevrolet and a 1956 Ford truck.

The auto driven by a Catholic nun, Sister Evelyn Raposa of Fitchburg, Quebec, Canada, was making a U-turn from north to south when the car moved in front of the truck. Maryland state police reported.

Only a dented fender resulted from the accident, but the truck driver, George Lee Rock, 20, of Keymar, ran off the road in an attempt to avoid another accident. Trooper W. F. Davis reported.

There was \$100 worth of damages to the truck and \$25 in damage to the nun's car in the crash, state police reported. No charges were placed in the accident.

Antlerless Deer Licenses Sold Out

Adams County's quota of 2,500 licenses for the antlerless deer season from December 14 through 16 is "sold out," County Treasurer Clark Spence reported today. No more will be available.

The county treasurer also has sold 1,900 licenses for the regular hunting season and estimates that as many as 5,000 have been sold with other issuing agents in other sections of the county also handling the regular hunting permits. The antlerless deer permits were sold only through the county treasurer's office.

There have been 450 archers' permits sold at the treasurer's office this year.

The small game season opens October 31 and the season for antlerless deer begins November 30 and ends December 12.

"THE MOMENT'S GONE"

We had our chance to capture... the treasure known as love... but we were lost along the way... cruel fate gave us a shove... we touched the shore of paradise... sailing hand in hand... but winds made it impossible... for our ship to land... ours was a sweet beginning... a sojourn to the moon... how strange it should be ended... over with so soon... I cannot say who is to blame... we both have made mistakes... the prize slipped through our fingers... oh how my sad heart aches... some say we should start over... for people live and learn... but it's too late, the moment's gone... it never will return.

that the diagnosis then for baby D "is guarded and the outlook is not good for the surviving child." He added that he is "not very hopeful" that the baby would survive. Doctors warned from the first that the babies' chances of survival were slim.

Third Set In States

The births, a 42-million to one medical rarity, represented the third set of quintuplets in United States medical history and only the 47th in all recorded annals. They were three months premature.

Baby A weighed 1 pound 9 ounces, B weighed 1 pound 13 ounces, C 1 pound 8½ ounces, D 1 pound 13 ounces and E 1 pound 13 ounces. Baby D, the strongest, was weighed several hours after her birth. The others, because of their condition, were not weighed until after their deaths.

Spokesman at Lackland Air Force Base Hospital told newsmen that everything that medical science can do, including artificial respiration, is being done to save the remaining baby.

"Lots Of Prayers"

"I have said lots of prayers," the youthful appearing, crew-cut flying navigator told reporters after the first baby died. "My wife has, too, and it has done lots of good before and now."

Hannan interrupted a news conference to go to his wife's room on the third floor of the hospital when the death of the second baby was announced.

The mother, joyous at the first news of the quintuplet births, was reported doing well. Her husband described her to newsmen as a "pretty blue-eyed blonde with short hair." He said she was about 5-foot-3 in height and weighed about 120 pounds. The Hannans were childhood sweethearts at a Catholic school in Taylor, Tex., before their marriage there Sept. 7, 1953.

Have Two Sons

The couple has two sons, Robert, 5, Pat 4. They had spent more than two years in Japan before returning to the United States Aug. 1, 1959.

Hannan told reporters he and his wife both had hoped for a girl this time, and when he walked into his wife's hospital room after the births, she smiled at him and said, "Well, you wanted a girl and now you've got five."

Physicians said the babies' color and breathing were good but that they had not had a chance to develop fully.

Wedding

Miller-Diehl

The First Evangelical United Brethren Church, Chambersburg, was the scene Sunday at 2:30 p.m. for the marriage of Miss Mary Catherine Diehl, daughter of Mr. and Mrs. Leslie M. Diehl, Chambersburg, and Merlin J. A. Miller, son of Mrs. Maranda Miller, R. 5, Rev. Robert Reasey performed the double-ring ceremony. Jacqueline Miller was the organist and Kenneth Hays was the soloist. Mr. Hays sang "O Perfect Love," "I Love You Truly," "O Promise

Me," and "The Lord's Prayer."

The bride was given in marriage by her father. She wore a ballerina length gown of Chantilly lace over bridal satin. The fitted bodice, which buttoned down the front, was fashioned with a scalloped V-neckline and long fitted sleeves which came to points over her hands. The full bouffant skirt of all lace had a scalloped hemline and was worn over a hoop. Her fingertip illusion veil fell from a lace hat with a tiera of pearls and sequins. She carried a white Bible topped with an orchid.

Mrs. Dorothy Hawbaker, Mercersburg, sister of the bride, was the matron of honor. She wore a ballerina-length gown of red velvet and carried a cascade bouquet of yellow and bronze carnations and mums. Mrs. Ellen Long, Chambersburg, sister of the bride, and Mrs. Shelia Stoops, Cham-

Ernie Harwell, Willie Jones To Address Local Little, Big Leaguers

The Gettysburg Little League and Big Little League baseball players, managers and officials will be entertained by two major league veterans, a player and an announcer, Thursday night at 7:30 o'clock at the Moose home.

Willie Jones, currently playing with the Cincinnati Redlegs, and Ernie Harwell, radio and TV announcer for the Baltimore Orioles, will entertain.

Jones was an outstanding third baseman for the Philadelphia Phillies for a number of years before being traded to the Cleveland Indians and, earlier this summer, to the Redlegs.

Harwell is well-known around the banquet circuits for his outstanding and humorous stories about major league ball players. Next season he will broadcast for the Detroit Tigers.

All Little Leaguers and Big Little Leaguers are asked to be at the Moose home by 7:30 and all managers are urged to remind their players to attend.

There will be no formal banquet, but refreshments will be served to the young athletes during the course of the evening.

TEBBETTS IS MENTIONED TO FOLLOW HANEY

By DAVE O'HARA
Associated Press Sports Writer
MILWAUKEE, Wis. (AP) — Birdie Tebbetts, a fiery field leader who wanted to move up, said today he likes his job as executive vice president of the Milwaukee Braves and his crystal ball doesn't show any return to uniform as a manager.

"I made my decision to get out of managing a year ago," Tebbetts told The Associated Press. "I said at the time I took this job I had no desire to manage and nothing has happened to change my mind."

The former American League catcher and Cincinnati manager added, however, that "something could happen to change my mind because I don't have the power to look into the future."

Mentioned For Braves
Tebbetts was reached after an informed source said in New York Tuesday that he is Milwaukee owner Lou Perini's personal choice to succeed Fred Haney and very likely will be drafted to manage the Braves in 1960.

"My name has never come up in all the discussions between Mr. Perini, (general manager) John McHale and myself," the 47-year-old club executive said. "Lou has never approached me. He knows my feelings."

According to the source, Perini has been using his best salesmanship to try to convince Tebbetts that a move from the front office back to the field would benefit the club.

Durocher, Dessen Too
Tebbetts said that he and McHale have discussed several managerial possibilities, but emphasized that "no one has been contacted."

"The reason it has taken so long is that it's a big job," he said. "No decision has been reached. In fact, we haven't narrowed down to one man as a choice."

According to the informant, Perini gave serious consideration to only two other possibilities—Leo Durocher and Charlie Dessen. Should the reluctant Tebbetts convince Perini he is more valuable in the brass division, Dessen is reported next in line.

LEW BURDETTE LEADS MAJORS ON "GOPHERS"

NEW YORK (AP) — Lew Burdette of the Milwaukee Braves gave up 38 home runs in 1959, the most allowed by any major league pitcher. This was 20 more than he yielded in 1958.

Jim Bunning of the Detroit Tigers paced the American League in gopher balls the past season with 37.

Burdette's chief tormentors were the Chicago Cubs, figures released by the Associated Press showed today. The Cubs slammed 11 homers off the right-handed veteran. Ernie Banks of the Cubs and Orlando Cepeda of San Francisco tagged Burdette for four homers each.

Burdette worked 290 innings, winning 21 games and losing 15. In 1958, he pitched 275 innings, allowing only 18 homers with a 20-10 record.

Bunning, also a right-hander pitched 250 innings the past year and had a 17-13 record. The Cleveland Indians hit him for nine homers and Kansas City for seven. He had the most trouble with Harmon Killebrew of Washington and Minnie Minoso of Cleveland, giving up three home runs to each. Bunning allowed 28 homers in 1958.

SCRIBES NAME ILLINI GUARD BEST LINEMAN

Associated Press Sports Writer
It's a rarity when sports writers at a football game peg their stories on a lineman. To achieve such a distinction the usually unsung boy up front has to do something extraordinary.

Bill Burrell, Illinois guard, hit the headlines in spectacular fashion last Saturday against Minnesota. His sterling play against the Gophers brought him added recognition today as lineman of the week in the Associated Press poll.

Burrell made 16 tackles, recovered a fumble and stole a pass in a 14-6 triumph over Minnesota.

Recovers Fumble
The 207-pound Negro captain of the Illinois from Clifton, Ill., recovered a Minnesota fumble at mid-field in the second quarter to start his team's first scoring drive.

Another guard, Bill Davis of Wichita, gained honor as the Missouri Valley Conference lineman of the week for his play that helped the shockers gain a 28-28 tie with Cincinnati. Davis made seven unassisted tackles and intercepted a pass.

A couple of ends—Lee Folkins of the University of Washington and George Van Vleet of Southern California—were honored for their play in the same game.

Folkins was named the Big Five's lineman of the week. He played nearly the whole game against the victorious Trojans. He caught four passes good for 52 yards and was a standout on defense. Vleet made seven tackles, recovered a fumble which led to Southern Cal's first touchdown and caught a pass for a 2-point conversion in a 22-15 triumph.

Ken Rice, Auburn tackle, led the 71-yard drive that led to a 7-6 surprise that knocked Georgia Tech out of the unbeaten ranks. The 250-pounder constantly opened the holes for Auburn.

Scientists Conduct Study Of Conowingo Dam Fishway

UNIVERSITY PARK, Pa. (AP) — Scientists studying the feasibility of a fishway for the 90-foot Conowingo Dam will hear progress reports Thursday at a meeting at Penn State University.

The commission of scientists is working on a three-year study of the Susquehanna River under the direction of Dr. L. Eugene Cronin, director of the Maryland Department of Research and Education. The study is expected to be completed by the end of the year.

Reports will be received from Dr. Richard R. Whitney, project leader working from Havre De Grace, Md., and Dr. Donald W. Prichard, director of the Chesapeake Bay Institute.

Whitney will report on the effects of transplanting fish in the Conowingo Dam area while Prichard will speak on his group's study of water characteristics in the lake above the dam.

The group Friday will visit the Banner Springs Fish Hatchery operated by the Pennsylvania Fish Commission.

The \$110,000 river study is being financed by the Susquehanna Electric Co., which operates the dam. Before Conowingo was built in 1928, the Susquehanna River had a large shad and eel fishery. But the dam, along with two others constructed on the Susquehanna upstream, blocked the migration of these and other fish to spawning grounds up the river.

The Philadelphia Electric Co., of which Susquehanna is a subsidiary, has been paying the states of Maryland and Pennsylvania an annual premium in lieu of constructing a fish ladder, with the funds to go for stocking fish above the dam.

But the fishery has steadily declined and Pennsylvania interests have been agitating for some time for the construction of a fish ladder or fishway to enable fish to pass the dam.

Dr. Cronin said project workers have transplanted 4,000 shad and 2,500 rockfish above the dam and tagged them to study what happens to them. In addition, 1,000 shad and 500 rockfish have been tagged in waters below the dam.

The Pennsylvania Fish Commission, the U. S. Fish and Wildlife Service and the Maryland Game and Inland Fish Commission have been assisting in the project.

Two players — Dick Norman of Stanford and Pervis Atkins of New Mexico State — took the lead in three offensive departments at the start of the season and show no signs of relinquishing it.

Norman leads in two departments. His 809 yards are tops in total offense by 80 yards, and his 65 pass completions are nine more than his nearest rivals, Joe Caldwell of Army and Pete Hall of Marquette, according to official NCAA statistics released today.

There still is a tight race for punting honors. Joe Zuger of Arizona State took over the top spot last week, with a season's average of 50.3 yards, two yards more than Darrell Harper of Michigan.

The wider goal post cross bar has been a tonic to the field goal kickers. Wake Forest has won three games via that method. The two-point-after-touchdown tries are running 19 per cent behind last year. Wendell Harris of LSU tops the field goal booters with four.

Greatest gain of the week in individual offense was made by Iowa's Olen Treadway, who jumped from 42nd to 8th in total offense and from 21st to 4th in passing by completing 26 of 41 tosses for 304 yards against Wisconsin.

NEILL BEATEN IN 1ST ROUND

LONDON (AP) — World featherweight champion Davey Moore took just 2 minutes, 55 seconds to batter Bobby Neill, British titleholder, to a humiliating defeat Tuesday night.

With barely a bead of sweat on his body after the fight, the 26-year-old champion from Springfield, Ohio, said:

"Boy, I wish they all were like that. I caught him right on the button."

It wasn't Moore's fastest victory though. He beat "Bird" Marino in 2 minutes 28 seconds.

Neill, 26, who made three comebacks after suffering crippling injuries in road accidents and a broken jaw in a fight, had no time to show anything but courage.

Four times he smashed to the canvas only to hoist himself painfully back into a battle that was never more than a massacre.

Near tears in his dressing room after Referee Tommy Little mercifully stopped the fight with five seconds of the first round still to go, the plucky little Scot said he had no plans to quit the ring.

The lineup:

Biglerville

Hockensmith Sees Action For Detroit
Larry Hockensmith, New Oxford, former Delone Catholic High football star, saw considerable action with the University of Detroit football team last Saturday when the Titans defeated Xavier 38-14.

Hockensmith, a sophomore quarterback, intercepted a pass in the fourth period and made a 32-yard return. He also threw his first college varsity pass which was intercepted.

Bigler Scrubs Blank Delone For Third Win
Biglerville High unbeaten and unscored upon junior varsity football team won its third straight Tuesday evening by defeating the Delone reserves 13-0 at McSherrystown.

In the second quarter Don Wright tossed a 10-yard aerial to Ted Orner, end, for the first Caner score.

Dennis Donharl raced 25 yards for the other score in the third period. Perry Mickey booted the extra point on a placement.

Delone was plagued by fumbles, losing the ball on bobbles on the Biglerville 10-yard line and another time on the one.

Biglerville will play at Boiling Springs on Monday, November 2. Delone (1-1) clashes with Hanover at McSherrystown next Tuesday at 7:30.

NAME CHOICES FOR SATURDAY GRID CONTESTS

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP) — Why did they increase the width between the goal posts in college football?

Well, the reason is that certain wide-beamed forecasts should be booted out of the end zone because they were unable to predict that Ohio State would handle Purdue and that Pittsburgh would be handled by West Virginia last weekend.

Sailing between the posts with the greatest of squeeze, here are this week's winners, with the understanding that the forecasts are no better than a week end ago when the average was .708 on 34 winners in 48 decisions:

Northwestern Over Irish

Louisiana State over Florida: The Bayou Bengals rarely do more than they have to, but the formula seems to work. So the pick is Billy Cannon & Co. again.

Northwestern over Notre Dame: One of these days this Notre Dame team will jell and make everyone look silly — including the foe on the field. But not this weekend.

Texas over Rice: This is pure suicide. But one must stay with that Texas speed in the line and Rene Ramirez.

Favor Syracuse

Mississippi over Arkansas: Our Memphis operator says these two teams are as good as any in the country, but that Bobby Franklin makes the Rebels the choice.

Southern California over Stanford: The Trojan blockers hit like a wooden horse.

Syracuse over West Virginia: The Mountaineers' season ended with that victory over Pittsburgh.

Auburn over Miami: With relative ease.

Pick Penn State

Penn State over Illinois: Only because the Big Ten team is concentrating on its conference problems.

Georgia Tech over Tulane: Two surprise teams Tech surprised by being better than expected, Tulane by being below par.

Oregon over Washington: Because the Webfoots handled the Air Force with such ease.

Wisconsin over Ohio State: Dale Hackbart has the benefit of the home crowd in stopping the Buckeyes.

Stays With Yale
Purdue over Iowa: But it will be close.

Texas Christian over Pittsburgh: The only explanation seems to be that the steel strike seems to trouble the Panthers.

Clemson over the South Carolina: The last of these Thursday afternoon state fair tea-parties winds up as a Clemson triumph.

Yale over Colgate: The Bull-

dogs haven't been scored upon and Colgate hasn't won this season.

Oklahoma over Kansas: Hardly a man is now alive who remembers that famous day and year when Oklahoma lost a Big Eight game.

Jr. High Meets Central Squad Here Thursday

Gettysburg Junior High faces a tough assignment here Thursday afternoon at 3:30 o'clock when it meets Central of Chambersburg in a South Penn Junior High Football League game.

Central has won its two league encounters, defeating Hanover 12-0 and Washington Twp. 24-13.

Coach Don Bickel's Braves are looking for their initial victory. They have lost to Waynesboro 13-12 and Shippensburg 33-6 while tying Chambersburg Faust 13-13.

Other league games Thursday include Hanover at Waynesboro, and Shippensburg at Chambersburg Faust.

BROWN LEADS NFL IN RUSHING

PHILADELPHIA (AP)—For the second straight week Cleveland's Jimmy Brown leads the National Football League in rushing but J. D. Smith of San Francisco is pressing him for the top spot, statistics released today showed.

Brown has picked up 437 yards on 101 carries for a four-game average of 4.3 compared to Smith's 410 yards in 78 tries for a 5.3 average. Ollie Matson of Los Angeles is third with 403 yards on 66 carries good for a 6.1 average.

Quarterback Ralph Guglielmi of Washington leads the passers for the second week in a row with 21 completions out of 45 attempts for 439 yards and a 9.76 average gain.

New York's Chuck Conerly has moved into the No. 2 spot with 656 yards on 47 completions out of 79 tries for a 8.30 average. Standings are based on average gain per pass attempted.

Woodley Lewis of the Chicago Cardinals continues to enjoy a big bulge as the best pass receiver. His 21 catches have netted him 397 yards and two touchdowns.

Second is Frank Gifford of New York with 20 catches and 301 yards.

In the scoring department Tommy McDonald of Philadelphia dropped from first to third, giving way to Tom Davis of San Francisco and Bobby Layne of Pittsburgh. Davis has 34 points, Layne has 31 points and McDonald has 30.

GOP MARGIN IN PENNA. IS LOWEST EVER

By LEONARD A. UNGER
HARRISBURG (AP) — The Republican voter registration margin, close to a million a decade ago, has now fallen to about 73,000—the lowest in Pennsylvania's modern political history.

An Associated Press survey of registration figures for the Nov. 3 municipal election showed at the same time that more than 5 1/2 million voters will be eligible to ballot. The figure is an all-time high. The unofficial breakdown: Republicans 2,637,853, Democrats 2,564,933, others 65,104, Total 5,267,890.

Democratic Surge
The surge of Democratic registration strength, accelerated since the Leader administration first took over Harrisburg in 1955, is continuing each year.

Since last May's primary, Democrats picked up a net gain of about 35,000 voters. Prior to this year, the Democrats gave their best registration account in 1938, the last year of the Democratic

Earle administration. The Republican margin was whittled down to 163,000 in 1938. But it skyrocketed to more than 620,000 in 1940 when former Gov. Arthur H. James was in office as a Republican administration.

The following decade saw GOP registration strength increase to an advantage of nearly a million voters.

Take Over Philadelphia
Philadelphia, once a GOP stronghold, has seen Democrats take over a majority in registrations. The current enrollment — 531,090 Democrats to 413,083 Republicans — is unprecedented in the 118,000-voter margin enjoyed by the Democrats.

Since May, Democrats picked up 16,000 additional voters in the Philadelphia compared to 1,000 more for the Republicans.

Depending on which party is making progress in registrations, the importance of the figures is emphasized or minimized in projecting actual party strength.

Democrats have elected two successive governors — Leader and Lawrence — with the registration edge in the hands of the Republicans. But the GOP elected a U. S. Senator—Scott—last year when Democrats were making rapid registration gains.

Magistrate Leonard Lockhart deferred sentencing until today for Mrs. Angeline Sailer, 47, of Burlington, N. J., who pleaded innocent.

The almost husband in the case was Robert K. Worrell of Morris-

town, N. J. 68-year-old retired seaman. He told Sheriff Earl Startt Mrs. Sailer came to his home with the .38 revolver and forced him to accompany her to this marrying town in northeastern Maryland.

They were applying for the license Monday when Worrell balked and the sheriff, who happened to be in the courthouse, came on the run to arrest Mrs. Sailer.

Sheriff Startt said New Jersey authorities have filed a detainer against the woman and he is also holding for them a companion who drove the car, Alex Jalmar Olson, 55, of Ocean City, N. J.

ing the use of "canned" applause and other practices in light of a recent statement by CBS President Frank Stanton.

Stanton said in New Orleans last Friday that all big money quiz shows were being eliminated by CBS and added: "We accept the responsibility for content and quality and for assurance to the American people that what they see and hear on CBS programs is exactly what it purports to be."

For years, even on the big radio shows long before TV was developed, loud applause and uproarious laughter on one show were recorded for use on other shows.

The CBS spokesman said the network also was reviewing the "spontaneous" interviews that actually had been rehearsed, and shows purporting to take place in one locale that actually had been filmed elsewhere.

SCIENTIST TO RETAIN POST

WASHINGTON (AP) — Werner von Braun said Tuesday he had no present intention of resigning from the nation's missile and space program if his group of Army-sponsored scientists is shifted to another government agency.

But Von Braun, chief scientist at the Army's Ballistic Missile Agency at Huntsville, Ala., told a news conference he might resign if "a pleasant environment" and challenging space work are not given to him and his scientists after any such transfer.

President Eisenhower is considering whether Von Braun's group should remain under the Army or be transferred to the Air Force or the National Aeronautics and Space Administration, the civilian space agency.

"In Best Interest"

Von Braun said he was sure the President's decision would be "in the best interest of the nation."

But he said "even a wise decision made in the best interests

Rip Engle Makes Changes For Illinois

UNIVERSITY PARK, Pa. (AP) — Guard Frank Korvini may start for Penn State in the Lions football game Saturday with Illinois at Cleveland.

Coach Rip Engle said he promoted Korvini from the first to the second unit on the basis of his fine play this season.

Engle sent the Lions through a 2 1/2-hour workout Tuesday and planned more of the same today before tapering off.

End Dave Truitt may be out the rest of the season after undergoing an emergency appendectomy Monday night.

17 CARS DERAILED

BRADFORD, Pa. (AP) — Officials were investigating today the derailment of 17 cars of a Baltimore and Ohio Railroad freight train about five miles south of here.

The some 100-car train was en route from Punxsutawney to Salamanca, N. Y., when it derailed Tuesday. No one was injured. Tons of coal poured on the tracks and disrupted service for about two hours.

of the nation could ultimately backfire" if the agency selected did not provide proper conditions for his scientists.

"Situations arise that can create crises," he said. "Suppose for example, someone should decide to cancel the Saturn program."

The Saturn program is one aimed at producing a rocket with 1 1/2 million pounds of thrust capable of putting huge payloads into space.

BLUE SHIELD'S RATES TO RISE

PITTSBURGH (AP) — Dr. J. Arthur Daugherty, president of the Blue Shield Plan, predicts that Pennsylvanians will pay a higher rate for the plan next year.

"An increase appears inevitable in 1960 as losses from underwriting continue to drain reserves carefully built up over the years," Dr. Daugherty told the Pennsylvania Medical Society Tuesday.

He gave no indication how big a boost Blue Shield would set before State Insurance Commissioner Francis Smith.

More use, higher doctor fees and more benefits, Dr. Daugherty continued, "have combined to make an early rate increase mandatory if Blue Shield is to maintain a sound, stable financial condition."

During the first six months, of this year the Blue Shield loss was \$3,138,000, he added.

There are 4,098,527 Blue Shield members in the state.

GOES ON FAST IN PROTEST OF ROTC TRAINING

BERKELEY, Calif. (AP) — An Air Force colonel's son has started a seven-day fast in protest against compulsory enrollment in the Reserve Officers Training Corps at the University of California.

Frederick Lawrence Moore Jr., 18, listed himself Monday as a conscientious objector to military training although he added that he is not a practicing member of any church.

The freshman mathematics student from Arlington, Va., circulated a petition and said he objected to "killing and any action aiding war or the purposes of war."

His father, who is assigned to the research and development division at the Pentagon in Washington, D. C., was in Colorado on Air Force business but was expected to fly here. Young Moore said he would decide whether to continue the fast after talking with the colonel.

UC, as a land grant school, is forced to offer ROTC courses. Its board of regents has made enrollment compulsory. The student body has voted a recommendation that enrollment be voluntary.

World Briefs

AUCKLAND, New Zealand (AP) — U. S. scientists and servicemen at the South Pole had their first visit from the outside Monday since they were isolated months ago by the antarctic winter. A Globemaster dropped 14 tons of supplies, Deep Freeze headquarters at Christchurch reported.

LONDON (AP) — Prime Minister Harold Macmillan held his first meeting Tuesday with his reshuffled Cabinet.

The ministers will draft the speech of Queen Elizabeth II to be read for her at the opening of the new Parliament next Tuesday. Because she is expecting a baby, the usual first-day ceremonies in Parliament have been canceled.

LONGER LIFE IF UNDERWEIGHT

NEW YORK (AP) — If you're 15 to 20 pounds underweight, you are likely to live longer than people of average weight—and a lot longer than people who are overweight.

This was one of the conclusions of a four-year study by the Society of Actuaries which Monday issued the first insurance industry report of its kind in 30 years.

The survey also developed new

BOISTEROUS BEHAN STILL HIGH-SPIRITED

By EDDY GILMORE
LONDON (AP) — Fortified by Dublin stout and Gaelic whisky, Irish playwright Brendan Behan Monday night made another boisterous personal appearance at his own show.

Like a previous performance six weeks ago, it was unscheduled, unexpected, and unwanted. Once again the wild Irishman out-shouted the actors.

His play is called "The Hostage" and it's about the Irish Republican Army. Every time Behan visits London from his Dublin home, he shows up at his show sooner or later.

Full House
A full house was watching the play unfold when its hulking author staggered into the rear of Wyndham's Theatre. He wore a red shirt, baggy flannel slacks and a rumpled sports jacket.

He began by bellowing the lines before the actors could speak them.

Then he sagged to a sitting position in the aisle and commenced singing an Irish ballad.

With assistance from other members of the audience, Brendan slowly got to his feet and lurched to an empty seat in the last row.

Falls Asleep
After about 20 minutes of mournful song, he dropped off to sleep. Later friends led him to a taxi.

Behan, according to his wife, is a sick man, and every time he drinks, he gets sicker.

"It's going to kill him," she said once, "but he won't believe it."

average weight charts to replace those that have been used in doctors' offices and on weighing machines since 1929. The charts indicate men are considerably beefier than they used to be and women more slender.

The study cost 2½ million dollars. It involved five million Americans.

Other findings of the study: Women are healthier than men. Women carry high blood pressure and additional weight with less risk.

Extreme underweight — 40 pounds or so below average—sometimes carries a higher mortality rate than overweight.

Overweight persons who reduce gain in life expectancy as long as they keep their weight down.

The mortality rate for women has declined much more than for men.

There is some advantage in slight overweight for teen-agers.

FORCED TO LEAVE HOME

WILKES-BARRE, Pa. (AP) — An Edwardsville woman and her invalid son were forced to abandon their home late Monday afternoon when a mine subsidence brought serious damage to the structure, the yard and sidewalks.

The residence of Mrs. Elizabeth Witkosky, Edwardsville, was ruined by the earth movement.

YANK SOLDIER WILL END TERM ON SATURDAY

WASHINGTON (AP) — Czechoslovakia has notified that State Department it will release John F. Kennedy, an American soldier arrested and tried for border violation in 1958.

Kennedy, of Philadelphia, Pa., has been in Czech custody since Aug. 24, 1958. He was sentenced to 14 months in prison. His term expires next Saturday.

Czech authorities notified the U. S. Embassy in Prague that Kennedy would be released. Officials here said they understood Kennedy would be taken by the Czechs to some point of the German-Czech border and released there.

Two Others Held
With Kennedy's release, one other American soldier and a U. S. civilian will remain in Czech prisons. The soldier is Andrew A. Beltrichard, Nekeosha, Wis., who was sentenced in August 1958 by a Communist court in Pilsen to two years imprisonment for border violation. The civilian is Jaromir Zastava, arrested in 1949 and sentenced to 18 years for espionage.

Kennedy was picked up by Czech border guards together with Pvt. Cole Younger, Detroit, Mich. The State Department said shortly after their disappearance that the two became intoxicated in Weiden, a German town near the Czech border on the evening of Aug. 23, 1958. The soldiers took a taxicab and the driver reported them disappearing in the direction of the border. Younger was released earlier.

INFERIORITY ENJOYED BY IRA GERSHWIN

By HAL BOYLE
NEW YORK (AP) — Ira Gershwin says he has enjoyed an inferiority complex all his life—and it's a wonderful thing to have.

"If you're conscientious," he remarked, "an inferiority complex will make you work hard to refute your own opinion of yourself."

At 62 Gershwin, a lyric genius assured of immortality, is painfully honest about himself and his work, has no desire to be thrust upon a pedestal of personal recognition.

Keeps Calm
"My biggest goal is not to get too upset about anything," he said. "I don't want to be a celebrity. It means too much responsibility—too much mail to answer."

It was back in 1917 that Ira, a Lower East Side kid first learning the magic of words, mailed a half-page fable to the old Smart Set magazine. Back came a check for \$1.

"Sure, I cashed the check," he recalled. "I needed the money." In the 42 years since then, Ira has written the words for some 800 musical works, including such standard songs as "The Man I Love," "Embraceable You," "Love Walked In," "They Can't Take That Away From Me."

He teamed memorably with such noted composers as his brother, George Gershwin, Jerome Kern, Kurt Weill, Harold Arlen and Arthur Schwartz. He

has captured the flavor of those historic years in the American musical theater in a new book. Although a single song has earned him more than \$20,000, he insists neither fame nor fortune is the greatest reward.

"Many fine plays and novels, unfortunately, fall by the wayside after three or four years," he said. "But if you are lucky enough to turn out a good song, 30 years later you can hear it and still feel you're active."

To Feel Young
"That's the real reward. It makes you feel young—as if you just wrote the song yesterday."

Tolerant of imperfection in everyone except himself, Ira is stout, slow-moving, wryly friendly to all. He is a compulsive reader, complains he feels guilty if he puts down even a catalogue without reading all the print in it. He collects dictionaries, paintings and cigars.

"My favorite hobby is staying home," he said. "And my second favorite hobby is not going out much."

James MARLOW Reports

The Associated Press

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — The two dirtiest words—for big unions and big management—are "compulsory arbitration." But that's what they may be headed for. In time, at least. The steel strike shows why.

Under a compulsory arbitration law the government would step in—when union and management failed to agree on wages and working conditions—and dictate a settlement which both sides would have to accept.

The ideal in labor-management relations in a free society is for both sides to have complete freedom from government interference in settling disputes. Freedom includes freedom to shut down a plant or strike it.

Ideal Is Shared
This ideal is shared by the Eisenhower administration and perhaps by most Americans. Nevertheless, it is a limited ideal. It begins to lose its appeal when a labor dispute begins to cause broad damage.

There wasn't much of a national problem when American society was more primitive and injury from a strike or shutdown was pretty much limited to the union or company or companies involved. This is no longer the case.

In this present complex society, with its various parts growing more interdependent, a prolonged strike in one vital industry can throw millions out of jobs in other industries and start an economic tailspin.

Needs Interlock
And this nation's complexities and interdependencies of today

are only a shadow of what they will be in the years ahead as the population increases and industries interlock in their needs.

It is possible—and this writer strongly believes it is likely—that the time is coming when the government, for the sake of the nation, will not permit strikes in vital industries.

That, of course, raises a nice question: What is a vital industry? At this time and offhand it is easy to think of some which fit that category because a strike in any of them affects the national welfare:

Railroads, Steel, Airlines, Communications. But right there an argument begins. Many industries are engaged in communications in some form, such as telephone, telegraph, newspapers, television, radio.

Difficult Task Seen
Would all of them be considered vital? If the time comes when Congress considers a ban on strikes in communications or any other vital industry it will have the fight of its life on its hands, and for this reason:

Each industry, like each individual, and each union would want to retain for itself the maximum amount of freedom.

But if a ban on strikes comes, then the government will have to provide a settlement and that, in the end, could only be done by imposing compulsory arbitration.

Forbids Intervention
The steel strike is now in its 15th week. At the start of it President Eisenhower refused to permit direct government intervention. He wanted the union and the steel industry to have the utmost freedom to reach a settlement of their own through collective bargaining.

The union and management between them made the collective bargaining process a farce. And on Oct. 19, when Eisenhower decided to seek an injunction to stop the strike for 90 days, he said:

"In order to protect the interests of all the American people, this leaves me with no alternative. American hopes for a voluntary responsible settlement have not been fulfilled. It is a sad day for the nation."

Danger Prompts Action
He acted only when the effect of the strike began to spread into other industries with the danger, unless something was done to stop it, that the country might go tumbling back into recession.

Before Congress ever goes so far as to ban strikes and impose compulsory arbitration, it almost surely will seek some less drastic measure but one sterner than any now available.

That may work for a while. But in the end, in the years ahead,

U. N. ASSEMBLY NEARS VOTE ON TIBET ISSUE

By TOM HOGE
UNITED NATIONS, N.Y. (AP) — The General Assembly headed for a vote today on Tibet, an issue that has sparked sharp East-West exchanges and caused apprehension among many Asian delegates.

The vote will come on a watered-down resolution by Ireland and Malaya to put the assembly on record reaffirming the right of the Tibetan people to choose their own way of life.

The resolution makes no mention of Communist China or the charges that the Peiping government brutally stamped out an anti-Communist uprising in the Himalayan land of the Lamas last spring. The sponsors eliminated such charges in hopes they would allay the fears of Asian neutrals.

"All Right To Kill"
The resolution received strong support from the United States, which accused the Communist of trying to frighten delegates away from discussing the issue.

U.S. Ambassador Henry Cabot Lodge made the charge after Soviet Deputy Foreign Minister Vasily V. Kuznetsov declared consideration of Tibet by the assembly would only aggravate the cold war.

"We have been asked to believe that it is all right for the Chinese Communists to kill Tibetans but that is a provocation for us to talk about," Lodge asserted.

Many Asian and African delegates have privately expressed resentment over having to vote on a resolution that may have the support of their people but which their governments don't want any part of. Countries next door to Red China are particularly reluctant to take any stand that might arouse the ire of their big Communist neighbor.

this writer believes a strike in an essential industry affecting the national welfare will not be permitted.

The population of Canada includes some 155,000 native Indians and 11,000 Eskimos.

Emmitsburg

EMMITSBURG — Fire Chief John S. Hollinger reported at a recent meeting of the Vigilant Hose Company, Emmitsburg, that the company responded to three miscellaneous fires since the last meeting.

George Danner was given a vote of thanks for his work in connection with the recent convention parade.

Paul Keepers reported he had a bowling team to enter in the Firemen's League. The activities committee reported that all the new equipment for the recreation room have been installed. Clarence Wivell has made a new cue stick rack. It was noted that violation of the company bylaws will result in disciplinary action by the board of directors towards the members involved.

A committee of George Danner, Brooke Damuth and Carroll Eyer was named to inaugurate a game to be held before Christmas to help defray purchase of new equipment.

Two social members have been transferred from social status to active membership: Daniel J. Kaas and Joseph Elliott.

A bylaws committee was named to study and recommend revision at the next meeting. The committee includes: Guy A. Baker Sr., chairman, John S. Hollinger, J. Edward Houck, Guy R. McGlaughlin and Guy A. Baker Jr.

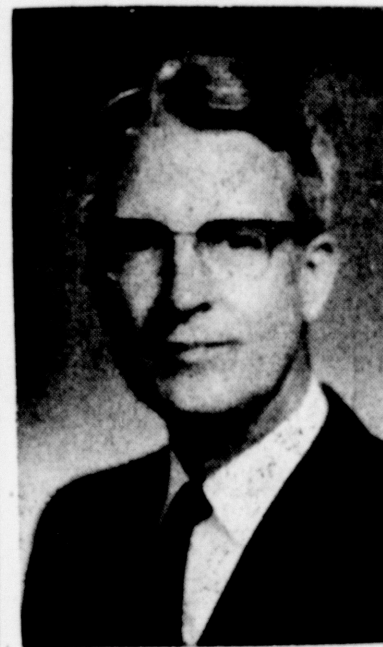

At the request of Scoutmaster Edward Houck the firemen voted to sponsor Explorer Troop 24.

Advisors, representatives, and troop committee members were named and any member desiring may assist in this project. The troop holds two meetings each month at which they will be taught first aid, firemanship, safety and other scouting arts and crafts under the supervision of trained firemen.

BERGMAN IN DEBUT ON TV; OTHER SHOWS

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Ingrid Bergman made her first television appearance Tuesday night in a ghost story. It was an NBC dramatization of Henry James' 1898 novelette, "The Turn of the Screw."

Miss Bergman handled her role of the terrified, yet determinedly courageous governess with skill and conviction. The tale concerns a governess who is placed in charge of two strange and beautiful children in a remote English country house. Soon, she comes to realize they have been possessed by the evil spirits of

two former servants, now dead, and she sets about freeing them.

There are the usual ghostly goings on—faces appearing through windows, flowers that wither in a few hours, flickering candles, eerie shadows, and dense, swirling fog. But it wasn't quite as chilling a story as it might have been a few decades back—before horror movies were an ordinary evening's entertainment.

There was, however, the welcome sight of Miss Bergman. And two very talented children—Alexandra Wager and Hayward Morse—had roles more meaty than the star's.

Altogether "The Turn of the Screw" was superior entertainment, even if it didn't succeed in freezing us in horror.

ABC's unusual Western, "The Rebel"—it's unusual because it's only a half hour long—seems to specialize in shocking opening scenes. The first show opened with a view of a dead horse; the most recent one opened with a dead man riding a live horse. Seattle's Radio station KING surveyed 100,000 Washington state residents and concluded that rock 'n' roll was the most unpopular

type of popular music, while easily-recognized standards were most popular with all age groups. Disc jockeys please note.

Alan J. Lerner, writing half of the "My Fair Lady" and "Gigi" team, will produce a comedy series with music for MGM-TV. Maybe there will be room for it after the anticipated January program cancellations. If CBS banishes "ad libbed" interviews, maybe they ought to do something about planted questions—the ones that get such big laughs—on such panel shows as "What's My Line?" and "To Tell the Truth."

There is no "off-season" in newspaper reading. An analysis of daily newspaper circulation over a three-year period shows no month varied more than 4 per cent from the peak month. The newspaper habit is constant throughout the year.

Quebec is the largest Canadian province, more than a half million square miles in area.

Contradictory Evidence Given

HOLLIDAYSBURG, Pa. (AP)—Andrew Ligda, one of three Cambria County men charged with fatally beating a York man, says codefendant James Gorba could not have kicked the alleged victim in the head.

Ligda, 22, told the court Tuesday that Gorba, 24, had a leg injury the night of Nov. 22—the date of the alleged fatal beating. This testimony contradicted earlier commonwealth testimony that Gorba kicked the victim.

Ligda, Gorba, and his brother, Frederick, 32, all from Portage R. 1, are accused of fatally beating James Lau, 34, of York following a quarrel at an American Legion home in Altoona. Lau died in an Altoona hospital last Nov. 23.

Lavishness In Pa. School Construction Charged In Senate Committee Report

HARRISBURG (AP)—A special Senate investigating committee charged today school construction in Pennsylvania tends toward lavishness.

It said policies of the Public Instruction Department contributed toward increased costs although school boards themselves must also accept responsibility for extravagances.

"It is clear to the committee that the school building program is in need of a thorough and complete examination," said the five-member Senate unit headed by Sen. George N. Wade (R-Cumberland).

Charges Not Warranted

Three Republicans and two Democrats constituted the committee which made a wide-ranging probe into the department last spring. The Democrats—Sens. Jo Jays (Centre) and Harry E. Seyler (York)—dissented to various portions of the report.

On school construction, the Democrats said, the committee made charges that were not warranted by the evidence produced in the hearings.

"The term 'lavishness' in regard to school construction is an epithet which is a matter of taste and judgment by school board members elected by the citizens and taxpayers of local communities, responsive to such citizens and removable by them at regular elections," the Democratic senators said.

Democratic Dissenters

The committee was set up after Wade charged that Dr. Charles H. Boehm, superintendent of public instruction, spent \$100,000 to decorate his suite of offices in the department.

There was no mention of this charge in the committee's report. Boehm denied it at the outset. The committee inspected the Boehm suite.

In dissenting to the Senate GOP majority Hays and Seyler said the \$100,000 charge "evaporated when exposed to the evidence."

"All other similar charges and innuendoes were similarly found baseless," the Democratic senators said.

Recommend New Style

The committee recommended creation of a special education commission to make a comprehensive study of public school financing and companion problems and report to the 1961 Legislature.

The committee said: The State Council of Education is completely subservient to Boehm instead of functioning as the top policymaking agency in the de-

partment. No case of waste of public funds could be proven against the department but Boehm and several other department officials indicate a lack of knowledge of basic budgetary and accounting control procedures.

Should Encourage Mergers

Further steps should be taken to encourage school district mergers. The General Assembly should start a study of the distribution of state school subsidies "to assure the fairest and most equitable system employed."

A junior college system should be established in the state and that the 14 state teachers colleges should become general colleges to provide curricula not restricted to teacher education.

The bureau of professional licensing should be taken out of the Public Instruction Department and placed with another agency.

Alcoholic Poodle Nets \$200 Fine For Her Owner

KANSAS CITY, Kan. (AP)—"I don't drink bourbon," tavern owner Floyd Baker told Judge C. Clyde Myers in City Court Tuesday.

The partly-empty pint bottle of bourbon that vice squad officers found in his beer parlor was for "my French poodle," Baker said. "Now does your poodle drink whisky regularly?" Baker was asked.

"No," he replied, "just at certain times." Specifically, just those times when the poodle was about to become a mother.

Judge Myers fined Baker \$200 on charges of possessing liquor and maintaining a nuisance.

KE, HERTER CONFER TODAY ON "K" TALKS

By JOHN SCALI
WASHINGTON (AP)—President Eisenhower and Secretary of State Christian A. Herter meet at the White House today to discuss differing Allied views on when and how to talk with Soviet Premier Nikita Khrushchev.

Herter was scheduled to give a confidential report on British-French-West German reaction to Eisenhower's proposal for an Allied pre-summit meeting in Paris early next month.

Eisenhower was understood to have proposed the Western huddle as a step on the road to a possible summit conference with Khrushchev during the first 10 days of December.

Macmillan and West German Chancellor Konrad Adenauer were reported ready to accept Eisenhower's plan. But, French President Charles de Gaulle's silence was reported delaying swift Western agreement.

Eisenhower and Herter appeared confident, however, that backstage talks would iron out this hitch within the next few days while the President golfed and rests in Augusta, Ga.

Mainly to reassure De Gaulle, however, Eisenhower has expressed readiness to fly to Paris for the Western strategy meeting. Diplomatic authorities said such a parley could set a date for a Khrushchev meeting and agree on the issues the West wants to discuss.
